WORK EXPERIENCE

Network Technician II Sboca Wireless Network

01/2017 - 04/2020

Nashville

Wifi solutions and provider for smaller market hotels/rv parks/resorts.

Achievements/Tasks

- 60-70% travel until 2019.
- Provide Tier 2 support when on call(weekends) or in between installs.
- Coordinate with customers, Plan travel, Program and ship equipment, Fully document/label/picture completed installs onto SharePoint and Controller.
- Created a html landing page template that would redirect after authentication. Simple in design but came in handy being able to swap out .jpg files to match the customer.

Technician Lead Fitness Machine Technicians

PERSONAL PROJECTS

El Bombi

- Fan site I made for my current favorite MLB player Adolis Garcia using React, Tailwind CSS, MLB Data API, react-sound, react-tweet-embed, and react-lazy.

Star Wars Timeline

- Star Wars Canon timeline spanning across all movies and tv, made with React and react-chrono api.

Nature Blog

- Simple React blog websites utilizing the sanity.io for the blog/backend. Was originally going to be my portfolio but I didn't love sanity.io so I pivoted and changed it to something else.
